

5 Levels of Alert

Alert Level	Advised Actions for Residents	Evacuation Information, etc.
<div>High</div> <div>5</div> <div>Disaster occurred or imminent</div>	<div>Life at risk</div> <div>Ensure safety now!</div> <div></div>	<div>Emergency safety warning</div> <div>(Kamisato Town)*1</div>
<div><Must Evacuate Before Reaching Alert Level 4!></div>		
<div>4</div> <div>High risk of disaster</div>	<div>All must evacuate from hazardous spots</div> <div></div>	<div>Evacuation order</div> <div>(Kamisato Town)*2</div>
<div>3</div> <div>Risk of disaster</div>	<div>Elders and those who need support evacuate from hazardous spots</div> <div></div>	<div>Start evacuation of elders and others</div> <div>(Kamisato Town)*3</div>
<div>2</div> <div>Weather conditions worsening</div>	<div>Check your own evacuation action</div> <div></div>	<div>Heavy rain and flood warning</div> <div>(Meteorological Agency)</div>
<div>1</div> <div>Possibility of weather conditions worsening</div>	<div>Be prepared for disaster</div> <div></div>	<div>Early warning information</div> <div>(Meteorological Agency)</div>

*1 Alert Level 5 may not necessarily be issued due to reasons such as the uncertainty on Kamisato Town's capability to grasp the disaster situation precisely.
*2 Alert Level 4 will be issued at the same timing as the evacuation order.
*3 Alert Level 3 is the right timing for elders and other people to stop their daily routine actions as necessity requires, prepare for evacuation, or start voluntary evacuation if danger is present.

Alert Level 5 is a life-threatening situation in which safe evacuation is already impossible. Do not wait for Alert Level 5, Emergency safety warning to be issued!

Everyone must evacuate from dangerous places at Alert Level 4, Evacuation order.

Those who need more time to evacuate, such as the elderly and people with disabilities shall evacuate from dangerous places at Alert Level 3, Start evacuation of elders and others.
